

Tribute To My English Tutor

By Marcus Lander (1993)

*Many a cherished memory still,
I bear with gratitude,
Of how you laboured to instil
A thoughtful attitude.*

*I sometimes think about the way
You always found the time
To talk to us throughout the day
Upon some theme of thine.*

*And how you managed to inspire
Within our minds delight
In English, and a strong desire
To learn the skill to write.*
