In my Father's house, many flowers grow

In my Father's house, many flowers grow

Clothed with every color of light

Every flower waves to the skies above

And be glad in the works of God

You and I are precious flowers in His hand

He will carefully plant us; watch us every day

He will be my shield, so I will not be afraid

Father God, He will always keep us in His hand

You can smile, He will always keep us in His hand.
